Anchorage, Alaska 99501

Re: Alaska Waste – Kenai Peninsula, LLC d/b/a Alaska Waste  
Commercial Fuel Surcharge Increase in the Kenai Borough Service Area

Dear Commissioners:

This tariff filing is transmitted to you by Alaska Waste – Kenai Peninsula, LLC d/b/a Alaska Waste (Alaska Waste) in compliance with the Alaska Public Utilities Regulatory Act and 3 AAC 48.200 – 3 AAC 48.430 and the Regulatory Commission of Alaska’s (Commission) directives for informational tariff filings issued in Order Nos. U-07-32(6)/U-07-33(5)/U-07-34(5)/U-07-35(5)/U-07-36(6).

Alaska Waste, through its undersigned consultants, revises the following tariff sheet:

Tariff Sheet Number		Cancels Sheet Number		Schedule or Rule Number
Original	Revised	Original	Revised	
	61.1, 12th		61.1, 11th	Additional Rates and Charges

With this filing, Alaska Waste modifies its commercial fuel surcharge applied to all rates and charges for refuse collection services it performs for its commercial customers in the Kenai Peninsula Borough service area with the exception of landfill fees for disposal related to Roll-Off service.

Alaska Waste has reviewed its fuel costs related to the provision of commercial services in the Kenai Peninsula Borough service area and has determined that a fuel surcharge increase is warranted. The current commercial fuel surcharge is 6.2% and will be increased to 6.3916%. Alaska Waste will continue to monitor its fuel cost, trends and local conditions and consider future adjustments to the surcharge as necessary.

Alaska Waste Tariff Advice Letter No. 27-714  
Regulatory Commission of Alaska

Page No. 2

Alaska Waste submits this tariff as an informational filing pursuant to directives issued in Order Nos. U-07-32(6)/U-07-33(5)/U-07-34(5)/U-07-35(5)/U-07-36(6), which exempt commercial refuse service from economic regulation and require informational tariff filings for commercial service. According to the Stipulation approved by that order, the Commission will not review tariff rates but will use tariff filings by commercial refuse utilities to confirm that all customers within a customer class are being treated equally, have notice of the rates to be charged for specific services, and that service will be provided in a safe, reasonable and non-discriminatory manner. Informational tariffs are generally allowed to go into effect after a thirty (30) day notice period to the public.

This filing will increase commercial rates but will not result in the termination of an existing service, conflict with any other schedule or rate, or will not in any other way adversely affect customers or the public. This filing has no impact on regulated residential customer rates.

Alaska Waste expects that this tariff will go into effect after a thirty (30) day notice period to the public, or for bills rendered on or after July 28, 2011. Alaska Waste will inform the customers impacted by this fuel surcharge by publishing a notice in the Peninsula Clarion. The public notice is included with this filing as Attachment A.

Any inquiries regarding this filing should be addressed to the undersigned consultant or:
