According to the Stipulation approved by that order, the Commission will not review tariff rates but will use tariff filings by commercial refuse utilities to confirm that all customers within a customer class are being treated equally, have notice of the rates to be charged for specific services, and that service will be provided in a safe, reasonable and non-discriminatory manner. Informational tariffs are generally allowed to go into effect after a thirty (30) day notice period to the public.

Alaska Waste expects that this tariff will go into effect after a thirty (30) day notice period to the public, or for bills rendered on or after January 29, 2012. Alaska Waste will inform the customers impacted by this tariff filing by publishing a notice in the Peninsula Clarion. The public notice is included with this filing as Attachment A.
