Re: Alaska Waste – Interior, LLC d/b/a Alaska Waste
Commercial Fuel Surcharge Increase in the Fairbanks North Star Borough

Dear Commissioners:

This tariff filing is transmitted to you by Alaska Waste – Interior, LLC d/b/a Alaska Waste (Alaska Waste) in compliance with the Alaska Public Utilities Regulatory Act and 3 AAC 48.200 – 3 AAC 48.430 and the Regulatory Commission of Alaska’s (Commission) directives issued in Order Nos. U-07-32(6)/U-07-33(5)/U-07-34(5)/U-07-35(5)/U-07-36(6).

Alaska Waste, through its undersigned consultants, revises the following tariff sheet:

Tariff Sheet Number		Cancels Sheet Number		Schedule or Rule Number
Original	Revised	Original	Revised	
	61, 11th		61, 10th	Area Wide Commercial Fuel Surcharge

With this filing, Alaska Waste modifies its commercial fuel surcharge that applies to all refuse collection services for its commercial customers in the Fairbanks North Star Borough. The fuel surcharge applies to Commercial Can, Dumpster, and Roll-Off Container service, with the exception of per pound landfill charges for Roll-Off customers.

Alaska Waste’s current fuel costs have increased since the last Fairbanks North Star Borough fuel surcharge adjustment, which was implemented on April 28, 2011. Consequently, this filing reflects an increase to the commercial fuel surcharge in the Fairbanks North Star Borough from 2.8% to 3.3329%. Alaska Waste will continue to monitor its diesel fuel prices over the next several months and update its fuel surcharge appropriately.

Alaska Waste submits this tariff as an informational filing pursuant to directives issued in Order Nos. U-07-32(6)/U-07-33(5)/U-07-34(5)/U-07-35(5)/U-07-36(6), which exempt commercial refuse service from economic regulation and require informational tariff filings for commercial service. According to the Stipulation approved by that order, the Commission will not review tariff rates but will use tariff filings by commercial refuse utilities to confirm that all customers within a customer class are being treated equally, have notice of the rates to be charged for specific services, and that service will be provided in a safe, reasonable and non-discriminatory manner. Informational tariffs are generally allowed to go into effect after a thirty (30) day notice period to the public.

This filing will increase commercial rates but will not result in the termination of an existing service, conflict with any other schedule or rate, or will not in any other way adversely affect customers or the public. This filing has no impact on regulated residential customer rates.

Alaska Waste expects that this tariff will go into effect following a thirty (30) day notice period to the public, or for bills rendered on or after July 28, 2011. Alaska Waste will inform the customers impacted by this fuel surcharge by publishing a notice in the Fairbanks Daily News Miner. The public notice is included with this filing as Attachment A.
