Tariff Advice Letter No. 55-692
Regulatory Commission of Alaska
701 West 8th Avenue, Suite 300
Anchorage, Alaska 99501

Re: Alaska Pacific Environmental Services Anchorage, LLC d/b/a Alaska Waste
Fuel Surcharge Filing Using New Approved Methodology

Dear Commissioners:

This tariff filing is transmitted to you by Alaska Pacific Environmental Services Anchorage, LLC d/b/a Alaska Waste (Alaska Waste) in compliance with the Alaska Public Utilities Regulatory Act and 3 AAC 48.200 – 3 AAC 48.430.

Alaska Waste, through its undersigned consultants, revises the following tariff sheet:

Tariff Sheet Number		Cancels Sheet Number		Schedule or Rule Number
Original	Revised	Original	Revised	
	63.2, 7 th		63.2, 6 th	Cost of Fuel Surcharge

With this filing, Alaska Waste requests adjustment to its residential fuel surcharge which applies to all residential refuse collection services including extra can and bag charges for Anchorage, Eagle River and Girdwood, the Municipality of Anchorage service area (MOA).

This filing results in an increase to residential customer’s bills from the current 1.5585% fuel surcharge to the 5.6820% fuel surcharge percentage which will be applied to all of the current 50,218 MOA residential customers. Alaska Waste expects that the quarterly revenue impact from the fuel surcharge will be approximately \$152,919. This filing will not result in the termination of an existing service, conflict with any other schedule or rate or will not in any other way adversely affect customers, or the public.

Alaska Waste also submits the following attachments supporting its fuel surcharge calculation: Diesel fuel invoices for August 2011 through October 2011 (Attachment A), a residential truck list with unique identifiers for each truck (Attachment B), and calculations of average cost per gallon and general ledger balances for revenue and diesel fuel expense accounts (Attachment C, submitted in Excel format). Alaska Waste is willing to provide additional documentation to support its calculations upon request.

Alaska Waste expects this tariff will go into effect for bills rendered on or after December 1 2011.
